

Feb 2021

**General customer information for
EU Directive 2011/65 / EU ("RoHS II") and
to the extension for substance restrictions
by the delegated directive 2015/863 (RoHS III)**

All DURAG products are developed and manufactured according to the applicable regulations. According to our knowledge, all DURAG products do not contain substances that are prohibited from being placed on the market in accordance with the RoHS Directive 2011/65 / EU.

DURAG products belong either to category 9 (monitoring and control instruments in industry) or category 11 (other electrical and electronic equipment). For these products, we declare RoHS compliance since 22.07.2017 in accordance with Article 7 c) of the RoHS Directive on the EU Declaration of Conformity.

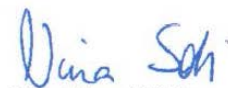

The EU declarations of conformity are available on our homepage.
www.durag.com

The European Commission has decided to add four additional substance restrictions to the existing EU RoHS Directive (2011/65 / EU) which are described in Delegated Directive 2015/863

These new substance restrictions are to be observed for DURAG products from 22.07.2021. We are currently working actively to ensure compliance with substance restrictions and thus compliance with Delegated Directive 2015/863 at the latest on the named embroidery day.

With kind regards
